

90 Points!

...the 2007 West Face, a blend of 61% Cabernet Sauvignon and 39% Syrah. Its dense ruby/purple hue is accompanied by aromas and flavors of graphite, blackberries, cassis, smoke, and toasty oak/vanillin. Rich, full-bodied, and impressively endowed, this still youthful 2007 will benefit from 1 – 2 years of cellaring, and should drink well for 10 – 12.
